8 April 1944

Subject: Journal for the Month of April 1944

To : Commanding Officer, 540th Engineer Regiment, APO # 464

1. Submitted herewith Journal for the Month of April 1944.

April 1-19 The S-4 Section drew supplies for the Regiment and also for the Port and Harbor. Arrangements were made for transporting 2½ ton dump trucks from the Rear Echelon to the Regiment to replace the 1½ ton dump trucks which were in use

April 20 The ass't Supply Officer was placed on TD with the Rear Echelon to turn in the remaining vehicles which could not be transported to the Regiment.

April 21-30 The S-4 section continued drawing the normal supplies and also salvaged and drew new equipment to replace items lost and damaged due to enemy action. The water supply section of S-4 set up a water point at 5th Army Hqs in addition to furnishing the normal water supply for the Regiment. 98,960 gallons of water were issued to units served by the 5th Army water point during the 10 day period it was in operation. The necessary equipment such as cranes etc., were drawn from the Engr. Dump for use in unloading at the port.
