"My Dearest Honeybunch"

Hello, Ginger darling and how are you? I am alright but not feeling so good, I am beginning to have trouble with my eyes you see honey I use to wear glasses when I came into the army, but they always seemed to get in my way, so I stop wearing them, and I havent been feeling so good to some time, but I never said anything, until now, because they hurt a lot more and when I do put my glasses on, it dont help, my eyes water all the time, but its nothing to worry about, I am having them taken care of now, Ill be alright. Honey in this letter you will find the money order and darling, I guess you know that the good news, by the time you get this letter I am going to try my best and write as often and as long as I will be able, please be understanding that I do love you darling and I miss you very much, I hope that this will not take to long, so that we can all go home, Honey you just keep writing them nice letters as you have been in the post and darling keep smiling and keep them fingers crossed for me. Honey you wrote in one of your letters that no one worries about you, darling I want you to know that I do, and of course I am a bit jealous also, but that true love, dont you think so? Ginger darling I am not going to slip on my letter writing, I am answering the question you asked in one of your letters, Darling believe I write every other day, but it looks to me, like Ill have to start to write every day, even if its just one page, because I think it will be a long time before Ill get enough time to stop and write a nice long letter, so would it be alright with you if I just wrote one page or maybe even more, if possible a?

OVER NEXT PAGE HON.

I havent recived any mail in the last three day from you, but as you say, they will be coming in bunches so I'll just have to wait I guess. Honey you wrote in this one letter that I should know River George Park pretty good, to tell you the truth, I don't, I know it, but not to good. I spend most of my time in Bear Gardens and going fishing, but since I been in the army I almost stop drinking and havent did any fishing to speak of, but I did hunt a little and dont take this wrong darling it wasnt for two legged deer, either? Talking about tricycle riding, I have one of my own here that I use to go to work on, its a lot diffrent from having a car, I guess it alright for you to go and spend a week with Florence at her home, but about her brothers being there, well I am not so sure if you should, I just wondered if I did ask you not too, would you listen to me? now dont get any wrong ideas, am not trying to be bossy or any thing like that, but I just asked, just wondering that's all. Would you answer that honey? I know what you have to go thought staying home all the time and its true I don't want you to go nuts as you put it, but ---- Oh just skip it honey, its the feelings coming out in me, Go ahead and stay with Florence but when I get back, you will have to get used to stay with me, ok. Gee, darling it certainly has been a long time since you wrote me anything about Jo Ann, so she still remembers me, that's swell, I wonder if she know that I am going to marry her ~~an~~ ^{as} soon when I get back? About kids all going for me, yes they do, just about every one I meet, I love them, but I love you more, see what I mean, Well darling I'll have to close, So Long honeybunch, God Bless You, Good Luck
 I love you Honey, keep the chin up. Sweet Kisses to you

Is she better now, or is she still sick, without? Honey I wish you could see my jeep I'll send you a picture of it, when I get it done its really a swell job.

It's the best jeep in the E.T.O. I have been working on it
for three weeks now, I also got another jeep I call Little

My Dearest Ginger.

Hello Sweetheart and how are you these days, I am just fine to-day, my cold has let up some, and I received two letters from you, they were nice letters too and also I got some pictures that we took when Leo and I had three of the orphans out to our base for a day, Boy! I wish that some day my wife will have a little girl, just like Heather, boy! is really cute and takes to me a lot, you can see that by the pictures, Can't you honey? Am going to answer your letter now sweetheart, the first thing I liked about the letter and got a kick out of it was, Somewhere in Detroit, Can't bet you? Can't I. And the other nice thing was the nice name you called me, you sure can name me, Sugar pie, while the boys call me, Whiskey Sam. But anyway I like the way you call me. I am glad that you received all the pictures and now my darling Ginger, do you see now, why I waited until the last to send you yours, See honey I don't lie to you. Yes I really made that from myself. I thought you would like it, but I am sorry I caused you the heartache first. By the looks of my darling letter she seemed pretty happy and cheerfull, well that's the way I want always to be, I hope that this puts me in your good graces once and for all and now do you understand me better or is there still a little doubt in your mind about me. I love you Ginger and I am trying my best to convince you of that, I hope you believe me yes, darling the tube I send your picture home to you, If you think that I deserve what you're thinking of doing well its all right with me, the fighting spirit in me, is slowing dying, I can always give up now.

OVER. SWEETHEART.

your other letter was dated Nov 28, I know my letters aren't going through very fast and so honey don't take things to hard, after all I get about two letters every two weeks and it gets me too. So lets just smush it out to geather and every thing will turn out o.k. Now darling please remember that I have a new F.P.O. 559 be sure to use this number now or else I won't get my letters, see? So my darling says that she going to have another drink on me, she hasn't written anything about the first one she had, I guess you kinda slipping honey or maybe you forgot to write, please do have another one on me, you drink now and then when I get back, I'll do the drinking a? That's that. Yes or No, which is it. Well sweetheart I guess I better close for now, and may you always be good as you have been in the past for me and May God always be with you, where ever you are, and good luck darling until we meet again, I'll close with I love you forever and ever. So long sweets and do write and keep writing always don't forget the F.P.O. 559, 8th Air Force. So long Honey.

My Dearest Ginger:

Hello, sweetheart how are you I am fine just now, but that wasn't the story for the last two weeks I thought I would never make it, I am still kinda a dozy but am alright, and feel a lot better, I rec'd a letter from you to-day darling, which was one month old, and I could see it was a old letter because it still had my A.P.O. 636 instead of 559 and in that same letter you said you didn't get my pictures also well I had letter long ago tell me you did get my pictures so you see the letter must of been very very old. I don't got much to write about darling, but I must say I am sending you some more pictures and also I thought it was kinda of nice if you to sending me a clipping of two little babies double or nothing, well the only thing I am say is, I'll just do my best, but what the out come would be I don't know? Well darling I guess you read the papers and all that, and I suppose you know that our trip are taking a terrible beating now and that means that we're kept pretty busy, because this is now or never and we don't get passes and also, I guess I wrote you that Raymond Beyanshi is there and three of my cousins, I wonder how they are working out. Well darling did you have our two mothers meet or not? I sure do wish that I would get some word of some

sort so I would know what the score was, I am left
in the dark, don't know nothing, don't hear nothing.
Well darling I guess you will have to spend another
Xmas by yourself and I guess I'll just have to work
again like I did last year, I am this blessed war
I wish it would end soon, Excuse my English but I
am sort of not feeling good that's all, I better end
this letter before I spoil the whole thing, I just can't
keep my mouth shut so, please forgive me honey its
just one of those things. So Long God be With you always
and Bless You Honey, Good Luck.

With all my

My Dearest Ginger:

Hello, sweetheart how are you fine I hope, because I spend my Xmas in bed with a darn good cold. I recived two letter a day before Xmas so here I am my darling sweetheart writing to you and hope that you may have the best I hope and that is my only hope now, that I get to spend next Xmas with you. The pictures of Stellas and Tony baby really got me, see one of the cutest things I seen yet. I wonder if my darling could send me a picture of her later on, I am sending these back to you my honey, just as you asked me to, boy I am really some sick now, I wonder if some day I too can be a father a proud father of a little girl like that I wonder? I hope that my letters will be reaching you a little faster than they have been doing in the post, I sure got my fingers cross, because I dont want you to get mad at me, I have been writing right along so honey before you banish me out wait first a boney buck, then like that we wont have any misunderstanding. I know how busy you must be darling so I am recuring you. Now see I dont get mad. Your Julian is behaving himself good, about what you read in the paperis some of its true and some isn't but take it from me I have a clean slate and always will, and one thing I am done proud of and can truthfull say that I have been true to you and faithfull, thots more than some fellows can say that are married. You say in this other letter thots its the third, but all I got was two, so maybe two morrow, I sure hope so. OVER DARLING.

Yes, my little sweetheast, before myt birthday I hope to
 see you. But as you see yourself the wor news last week
 wosnt so good, I hope it changes before long, my chances
 are lot better if it does. On my days off Ted and I go
 to see the orphou and take them cloudy, but in the last
 two months I only been there once, an account of my cold
 I spend my days off in bed and rest. The only time I go
 anywhere is when I go to London and I dont stay there but one
 day, just to check up on my shoes and a few drinks and
 back to comp I go, its no big I woudnt get lost if I stayed
 longer. Dancing me, are you kidding honey I dont dance only
 to polish music and havent heard any since I been in the army
 no, I didnt attend dance yet and besides I dont go, because
 I dont know how and dont seem to interest me any to learn
 I just as soon drink than dance. and you cant get any thing to
 drink so the next best thing I like in fact I love it is
 sleep. The only place that I hear fellows say that you can dance
 and that London and I dont stay there long enough to find out.
 I wrote you about the English girls in one of my letters, if
 the censor didnt cut it out, that will explane every thing.
 Even if I had the chance I wouldnt, I told you before I wont
 but one person and thots you. I wont to be true and faithfull
 so thst you will be the same, there no use fooling around
 with other women if you have one that you love, I love you
 Honey and I wont ask you to do the same, but if you feel that
 I am acting like a kid, well just let me know darling I
 dont want to stand in your way. Besides my darling you have
 to have money and I ^{over} most of mine gone and its in

the book waiting for me any time I want it. It will
surprise you to know that I been saving for the day of our
wedding so darling you can put your mind at rest, because
I don't cheat wouldn't even think of it, on you. I love
you dearly I want you, I waited a long time, I want you
to believe me, I can't put it down on paper honey, but I
really do love you, every thing here is pretty high, people
make a lot of money off there books, but not this one
and that's something to pray about and I am begging.
Well Sweetheart you asked me them questions and
I answered them, I hope that I haven't hurt your feelings
in anyway, but you asked honey and that's ~~on~~ the only
way I had to appologize, please forgive me if I have hurt you
but I do love you very, very, very, very, much. Yes you know
my baby. So Long darling, Good Luck. God Bless You
always. I know you are faithfull to me. I am the same to
you. So Long Honey.

Yours always with all
My Love.

P.S. Didn't I tell you honey that I love you?

My Dearest Honey:

Hello, sweetheart and how are you to-day, I am fine and feel much better, I guess it was your letters that make me feel that way, Again to-day a fellow brought me two more letters from you to-day, they sure are welcoming, honey your wonderfull, God but I wish I was there with you, there so much I want to tell you, but I guess that will have to wait, Honey I hope that you will be able to read my letter to well, I was in bed when I wrote it, but to-day, I wrote yesterday, I was in bed when I wrote it, but to-day, I am up and around. Your letters are very sweet and darling I get a kick out of it, when I can put something over on you, you see you surprise me so many times, now its my turn, just like about the long letter, so you see darling its just kidding around that's all, now don't get sore at me for that, I was just in that kinda mood and I don't do it that all, but if you don't like it, I'll stop and be very serious about everything. About that crock about me writing to you to go out and enjoy yourself, I didn't mean it that way, that you took it, but I am willing to forget all about, just as you write you would that alright by me. Yes, honey I am the one that tells every one about you and how sweet you are and all that, that's why people want to meet you, Yes I am proud of you and I won't worry one to know it, is that O.K. by you? And besides you couldn't stop me bragging about you, if you wanted too, I love you and think the world of you, and I want everyone to know it, its really something to be proud of. No! honey I must admit that I never wrote that many letters in one day to you as you did to me, but if I had the time about the second letter I wouldn't have anything else to write about. If I wanted to put down every thing to you, that I want the person would just send you this "Dearest Honey". And always yours with all my love, Julian. So you see honey I know you love me that's why you do those things. OVER HONEY.

I know darling that I always asked for some thing hard to get,
but as I wrote you before that I don't go out and I get sort of
lonely and tried, homesick that a radio and a little music may
help. Now I don't know but I once knew some fellows that ~~worked~~
for the Motorola people in Detroit and I think if you, would
some Saturday go to the factory, you may be able to pick one up.
I will send you the money what ever it costs and if you don't
have any luck there darling you may be able to check some of
the pawn shops downtown and if you don't have no luck there
you may be able to find one in the wanted ads in the papers, and
if you do happen to get one, have a wooden box made for it, like I
had for the picture frame, was in broke the box I mean, will you let
me know, and then Honey if that and nothing else works and you can't
get one, Go see my mother and asked her or if you want me too, to
get in touch with a fellow name Ray Hook. he can get anything if
it's in Detroit. About the pipe tobacco darling just forgot about it, I got some
from a fellow and I wanted to pay him back the same brand, but I gave him
the money in stock, About the Cough medicine it was good, yes you can send
some more, I think it's a very good idea. Well darling I must close
for now hoping to get some more nice letter from you like I have
in the last six months. Well till we meet again, May God Bless
you sweetheart always, Good Luck and a Happy New Year.

Yours always my
Darling With all
my love.

P.S. Honey I sure do love you so
please don't blame to much what
you read in the paper okay! So long Honey

My Dearest Ginger:

Hello, sweetheart and how is my sugar pie? I am just fine honey, my cold is almost gone and I really hope that this letter finds you the same, well darling in the last week I only received two letters from you but I didn't have a chance to answer them until today, I couldn't celebrate New Years like I wrote you in one of my letters; I can't tell you why, but before the month is over you will know, and I'll bet that my darling is going to change her mind about a lot of things that she was thinking bad about her Julian. Take it from me honey that your going to be a very good little girl now that's something to look forward too, Honey its big, and also it can't happen to every body, so now I'll let you decide to hear what it is, but I can't say yet, so my darling little Ginger you will just have to wait, I'll put your mind at ease a little do honey, its not that I am coming home its something else. Please don't asked me what it is, until I write O.K. it will be some time this month and you will get all the information the 1st part of February. Well I must answer your letters now, and so darling I love you and when I do anything its so that you will be proud of me. You asked me in your letter what the hold up was, well that's part of the secret until later, but I can tell you another thing I was learning. Yes I know darling the old saying you have is right, if you want to receive letters you must write letters that true, but it will be different after this month, I'll have a lot more time on hand. Yes, darling I was busy, but don't get mad. Every thing will be alright.

OVER. My DEAREST.

about my Xmas shopping darling, no I didn't do any, I took
care of all that before Xmas Honey you quiet right what you
told me Polly, I'll tell you every thing that I did, in fact how
I have been telling you every thing, all that I do and that I
always look out for the job that I have, but I still find and
always have time to write to you, and besides, maybe after
you tell him what you will find out at the end of the month
maybe he will also think some thing of me, I hope. What's this
darling you don't care what I do,² but you must, you can't
give up that easy, but you will also change your mind about
that later. Yes' honey I know some people give other people ideas
yet, those are the ones that talk to much, but it will be
different, you wait and see. Honey how about send me that
book you reading, you know ("A tree grows in Brooklyn")
Honey I really wished that I was in Alberts place and you in
Virginia, wouldn't that of th been nice? Honey you not
the only one that wants to see me, I want to see you more
than any thing else, I would give up every thing to do just
that every thing, darling I mean every word of it, sweetheart,
it's going to be three years for me in this army & of course and
I feel like I been in ten years, it seems such a long time
since I left you that I am begining that its about time I
would get a chance to go home soon, Darling you should worried
me when I asked you too when I was home on furlough, but
now we just have to wait won't you worry now? Well darling
I don't want to rub it in, I know how you must feel, but I love
you all the more and if you will still have me, when I get
back, it won't take me over five minutes to ask you. Well honey
I must close till later so long God Bless you Always, Good Luck.

P.S. Sweetheart I miss you very, very, much, keep smiling honey.

My Dearest Gingie:

Hello, sweetheart and how is you all, I am fine and dandy now darling, hope that this letter finds you all the same, well here I is, startin right in where I left off yesterday, Gee honey but your letter made me feel wonderfull and full of pep, it must have something in them ^{letters} of yours to make me feel that way, Boy! Oh Boy! my girl sure does know how to write some interesting letters, I sure do enjoy reading them not only once but three or four times, I sure hope that this was soon, so I could find you in the same mood that you felt when you wrote these letters, Look, I must say it again they are the tops so far, Gosh this one letter is seven pages long, some of these days you going to get one longer than that explaining why I named you Gingie, don't you like that name? honest? Okay darling from now on I won't worry about the kinda of paper I write on, But I will write often I know you want to hear from me, so I am going to do my best to please you and may your wishes come true, Honey your tops. Honey I'll wait awhile before I write you again what was cut out, there is no other way to explain the subject, please understand Okay dear? Yes darling I wont you to get some sleep, but you will have to wait dear.

OVER HONEY BUNCH.

Darling please believe me, when you read this, I don't
 want to bring it up either, but since you asked the question
 I must answer it honey, That time when I wrote home about
 you, I didn't say one thing against you, believe me honey, not
 one thing, I only said that I really and truly love you and that
 you don't understand certain things, that we two are living in
 different worlds me being in the army and you being home, I didn't
 want to lose you, you know I am crazy about you, I wanted my
 mother to tell to you and explain how things were, I was too upset
 to explain them to you myself after all it was a very touchy subject
 and darling also, I wrote home, that I do intend to marry you
 as soon as you say the word and that's another reason why I am
 saving as much money as I can, So you believe me now darling, if
 not to satisfy yourself, ask her words for the letter and all for your
 self okay? About getting married over here, darling I wouldn't even
 want to be buried here, if I got killed, that's the truth, I hate this
 place honey and I really mean it, I don't remember you asking me
 that question in any of your other letters darling, maybe you thought
 you did, but didn't write it down, because that's why when I write
 back to you every time, the letter is made up of the questions that are
 asked, but there are times when I have pictures or something import-
 ant that I write a nice letter, this letter that I am writing
 to-mite, is and will be intended, to be a nice letter because
 I want nice letters back. Now darling don't let go of that temper
 you have and please don't shout, that's the gods truth that I wrote
 you, and if my little red head wants to fight well darling you will
 just have to wait till I get home and we will put on a bottle
 royale okay, I sure would like to see your face now, I'll bet its
 red and your ears are burning am I right or wrong? Well darling
 here some more questions you asked in your other letter, No
 honey your letters are coming in all mixed up. OVER HONEY.

3

and they are getting me all mixed up, I hope this don't start no misunderstanding, I really hope it don't, I'll keep my fingers cross.
