Dear Manuel:

I received a letter from Ralph Orr a short time ago, In fact he sent me your note with your address on it. Wanting information about our Rugged 36th Engineers, I'm glad there's still some of us guys around. Ralph showed up at our 20th Reunion last year for his first one. This was the first time we met since the war ended. Everybody had a nice time. We fight the ~~the~~ war over again each time we meet. So far we've been meeting every year at the same place. The 21st Reunion will be coming up in 86 on July 11 & 12. The reunions have always been held

at Lebanon, Penn. about 25 miles east of Harrisburg, the state capital. In your note to Ralph you didn't mention the Co. you were with. So I'm at a loss there I was in B Co. in the States at Bragg, and in Morocco, when we moved to Oran, I went to Batt. Hq. as a jeep driver and was there for the rest of the war.

what you have to do Emanuel is to get on the 36th Eng. mailing list. Do that right away.

Irving Cherney, who was in Hqs Co. does all the corresponding for the 36th Eng. Reunions. Send him your name, address, rank and the Co. you were attached to.

Also include any other 36 Eng,
buddies that have good addresses,
and would like to get on the mailing
List. Ask him to send you the
latest Mailing list, there's well
over 300 names. and the list keeps
growing each year. write to.

a Letter from Troy, inviting me to
 his Youngest Son's wedding,
 which will take place Sat. March 1st
 at 2 o'clock at Saint Ignatius
 Martyr Church, Austin, Texas.
 The reason for this information
 is that I plan on flying down to

 Holiday Inn, so will Troy and
 rest of his family.

San Antonio isn't too far away
