"AIRBORNER" & RAKKASAN Ray B. Gonzales

Dear Ray:

As I promised in our phone call of yesterday, enclosed is the material I received. It appears that a review of all DSCs awarded Hispanic Americans etc., are going to be reviewed for possible upgrade to the MOH.

I strongly recommend that you submit copies of the required information and any other supporting documentation as soon as possible. The address is on the 2nd page of the enclosed letter.

Hopefully Ray, you will get a favorable review. The pride and respect I have for you as an old comrade won't change if they upgrade you but at least the rest of the country will know that your heroism and valor is properly recognized!

I pray the review will be favorable for you! If it is I'll be there, God willing, when you get the award. And, I'll write it up in the Airborne Quarterly magazine.

My best to you and yours and may God walk by your side always.

In airborne comradeship!

William E. Weber
